

**Anthropologists and Ethnographers Working in Central Asia
(Revised March 16, 2010)**

List compiled by Cynthia Werner and Celia Emmelhainz

Note: Most of the individuals on this list are trained as cultural anthropologists. We have also included social scientists whose work is based primarily on ethnographic research methods. The list focuses on scholars who work in the former Soviet Central Asian republics, but includes those who work in Mongolia, Afghanistan and Xinjiang. If you know of any additions or modifications to this list, please send me an email (werner@tamu.edu).
